

## A Curious Gathering

...and, every now and then, we get to peek at the silent residents on our Estate: the wildlife. These caterpillars clustered together on a tree near the golf cart underpass. Photo by Kathy Haley.

### FIDELITY PARTNERING FOR COMMUNITY

Our security service provider, Fidelity Security Services, recently made an astonishing impact on two of the local schools Simbithi is partnered with. Though business partners – General Manager Malcolm Samuel and Director Paul Sparks – have finished their tenure with Partners for Possibility, the relationships they respectively formed with RA Padayachee Primary School and Sizani Combined School, are still strong. Principals Aleen Maharaj and Ntombenhle July were overjoyed to hear that Fidelity would sponsor night guards for their premises, as part of their CSI initiative with Simbithi.
